

SEVEN SECRETS TO FINANCIAL SUCCESS

1. Your understanding of where it all comes from will either keep it coming or cut it off.
2. What you pursue will determine what you possess.
3. What you spend will always be more important than what you earn.
4. Your obedience will determine your abundance.
5. The discipline of saving will be more important than the amount you save.
6. God will grow whatever you sow.
7. Sustained generosity will be the guarantee for your sustained financial success.
